

# “Dances for an Expanding Universe”

with  
**Harlan Brownlee**

[www.ArtsInEducation.net](http://www.ArtsInEducation.net)

*“Watch the stars, and from them learn. To the Master's honor all must  
turn, each in its track, without a sound, forever tracing  
Newton's ground.” - Albert Einstein*

The Kennedy Center

## Table of Contents

<b>Introduction</b> .....	<b>2</b>
<b>Purpose of the Workshop</b> .....	<b>2</b>
Workshop Objectives.....	2
Enduring Understandings/Essential Questions.....	2
The Kennedy Center’s Definition of Arts Integration.....	3
Rationale for the Workshop.....	4
Overview of Workshop and Instructional Materials Packet.....	4
<b>Learning Activities: Grades 5 – 8</b> .....	<b>5</b>
A. Newton’s Laws of Motion / The Gravity Dance Improvisation - Activity #1.....	5
Description of Learning Activity.....	5
Science and Dance Standards.....	5
Common Core State Standards.....	5
Teacher Reflection.....	17
B. Our Solar System / Theme and Variation - Activity #2.....	18
Description of Learning Activity.....	18
Science and Dance Standards.....	18
Common Core State Standards.....	18
Teacher Reflection.....	26
<b>Closure</b> .....	<b>26</b>
A. Summary of Workshop.....	26
B. Evaluations.....	26
<b>Supplementary Materials and References</b> .....	<b>26</b>
Arts Integration Online.....	26
Classroom Management Strategies.....	27
Bibliography.....	28
Discography.....	29
Web Sites.....	29
Four Outcomes between Inertia & Gravity.....	30
Decision Tree/Outcomes.....	32
Planet Factoid Handout <sup>+</sup> .....	34
Planet Photographs.....	35
The Gravity Dance Improvisation – Summary Sheet.....	43
Our Solar System / Theme and Variation – Summary Sheet.....	44
The Elements of Dance and Movement.....	45
Astronomy Glossary*.....	46
